

How will Elia
return our
beach to its
former glory
once the
cable works
have been
completed?

LEON INKEBERGHE -
MANAGER OF ICARUS SURFCLUB,
ZEEBRUGGE

The beach and shoreline form the backdrop to our surf club so they have to look pristine. Our members also use the beach a lot to practice their surfing and leave their kites on the sand. We're very grateful that Elia has consulted us about the works and is completing them as quickly as possible. However, having a safe and clean beach again afterwards is just as important.

“Ensuring that the beach looks its best after the works is a priority for us. This means carrying out the work to a high standard to prevent subsidence, and not leaving any waste behind. We will therefore dig the work area to make it level and sift the sand. We determine and discuss our working method in advance with stakeholders, in this case the surf club.”
